Dear everyone at Berriman Eaton

Thank you so very much for your wonderful donations of toiletries for the women and children at The Haven. We are incredibly grateful and your donations make such a difference to those who we support at a very difficult time of their lives.

Women and children arrive at our refuges having fled domestic abuse and frequently arrive with very few possessions. Often, they only own the clothes they are standing in.

Receiving donations of toiletries, thanks to all of the kind staff at Berriman Eaton, makes a big difference to women and children who are at their lowest by brightening up their day and allowing them access to items they perhaps had not had time to bring with them. Being able to offer the service users toiletries to shower with, amongst other things, is the first step to providing a comfortable and safe surrounding for them. Donations like these make the refuge an easier and happier experience and encourage women to stay whilst they find the strength and resources to make brave new starts with their children away from fear and abuse.

On behalf of all staff, volunteers, board members and most importantly, the women and children at The Haven Wolverhampton, we would like to thank you all again for your lovely donations and for choosing us as the charity to support with this campaign; we simply couldn't continue to provide the services to vulnerable women and children without generosity from people like you. Please pass on our thanks to all those involved in collecting the toiletries.

Yours sincerely
